HUMMEL BRAND HISTORY

SINCE 1923

1923

Albert Messmer develops one of the first football cleats in the world. With his brother Michael Ludwig Messmer, he founds the company Messmer & Co., that will go on to become known as hummel.

.....

1956

The visionary Bernhard Weckenbrock takes over the company. He creates a comprehensive brand identity and introduces the chevrons.

.....

1968

The first sponsorship deal is signed. The deal is with Duisburg, a team playing in the 2nd German Bundesliga.

1969

The first sportswear collection is launched. Sponsorships are signed and help boost sales. A rounder version of the bumblebee than the current one is created.

1970

hummel is introduced to the Northern European market.

1979

hummel signs a sponsorship deal with the Danish national team for the first time – a deal that lasts until 2004.

1988

hummel signs a sponsorship deal with Real Madrid and the club's biggest star, Emilio Butragueño. The deal makes hummel products even more popular.

1992

It's a surprising win, to say the least. The Danish national team takes the title at the European Championships having played Germany in the final.

1999

hummel gets a new owner – Thornico. Christian Stadil becomes part of the brand history. He launches a re-introduced, original sport style collection on the fashion market and hummel becomes a trendsetting sports apparel brand.

2016

After many years hummel once again sponsors a team in the German Bundesliga. SC Freiburg plays a sensational first season after returning to the first league and qualifies for international competition.

2019

In 2019, hummel substantiates its status as an original handball brand by signing the German handball club, THW Kiel – unarguably one of the biggest clubs in the World.

2020

In 2020 hummel team up with the historic football club Everton FC and return to the Premier League after 13 years of absence. The chevrons are back on the biggest football stage again.

2023

In 2023, hummel celebrates a century of existence, marking 100 years of proud heritage in the world of sports.

2025

hummel proudly sponsor prominent football and handball clubs including Real Betis, 1. FC Köln, SV Werder Bremen, AS Saint-Étienne, Sunderland A.F.C., Celta de Vigo, Aalborg Handball, SG Flensburg-Handewitt and SC Magdeburg.

IN THE NATION OF SPORT, WE'RE ALL EQUALS

At hummel, we believe sport has the power to break down barriers and unite communities. Through our Company Karma initiatives, we're committed to creating equal opportunities in sport, regardless of background or circumstances. From supporting grassroots projects to partnering with organizations that advocate for inclusivity, we strive to make sport accessible and fair for everyone.

This is how we CHANGE THE WORLD THROUGH SPORT.
One game at a time.

COMPANY KARMA

// AFGHAN WOMEN'S REFUGEE TEAM

OUR HERITAGE, OUR HOME PITCH

Football has always been at the heart of hummel. From crafting one of the world's very first football boots in 1923 to seeing our chevrons proudly worn by clubs and nations across the globe, the game runs through our DNA. We've been there for the biggest moments – trophy lifts, world stage celebrations, and unforgettable victories. And we've stood just as proud in the smaller but no less meaningful wins that unite communities and inspire generations.

This is our heritage. This is our home pitch. And today, our football family keeps growing. Every time our chevrons take the pitch, we share the passion, pride, and spirit of the game we love. Together, we celebrate football – not just as a sport, but as a global family.

SUNDERLAND AFC

Back in the Premier League

After eight long seasons outside the top tier, Sunderland AFC is back in the Premier League. The 2024/25 promotion campaign will be remembered as one of the most iconic in the club's rich history, and we're proud to stand alongside the Black Cats as they return to where they belong.

REAL BETIS

Chasing European glory once again

In their iconic green hummel chevrons, Real Betis wrote history in 2024/25. Their incredible journey led them all the way to the UEFA Conference League final against Chelsea – marking the club's first-ever appearance in a European final. A season that will forever be remembered, and one we are proud to share with the Betis family.

SV WERDER BREMEN

Where football meets responsibility

hummel and Werder Bremen share more than football – we share values. As one of the Bundesliga's most historic clubs, Werder is also leading the way in responsibility, both socially and environmentally. The Weserstadion is home to one of Europe's largest building-integrated solar panel systems, generating clean energy for the future. And in merchandising, we're working together to increase the use of organic, Fairtrade-certified, and recycled materials in collections that reflect our shared commitment to a better tomorrow.

GREENLAND

Football against all odds

In Greenland, football is a fight against the elements – snow-covered pitches, freezing winds, and rugged terrain make every training session a challenge. Yet the sport thrives on the world's largest island, where football holds a special place in people's hearts. That's why hummel is proud to support Greenland's national team – the world's coolest football family. Against all odds, their dream of one day competing internationally grows stronger, and we're honored to be part of their journey.

AT THE HEART OF HANDBALL

Handball is at the core of who we are. From local courts to Europe's biggest stages, our chevrons are part of the game's biggest moments. This is where passion meets performance – and where our mission is clear: To become the number one handball brand in Europe

We are inspired by the speed, the intensity, and the teamwork that defines the sport. From unforgettable saves to last-second goals, handball creates moments that bring players, fans, and nations together.

This is our commitment. This is our ambition. And with every season, our handball family continues to grow – stronger, prouder, and ready to shape the future of the game.

SC MAGDEBURG

Conquers Europe once again

In their iconic hummel chevrons, SC Magdeburg continues to set the standard in European handball. The German powerhouse has long been a beacon of the sport, and in 2025 they reaffirmed their legendary status by lifting the EHF Champions League trophy once again. A triumph that cements their place among the very best – and one that makes us proud to call them part of the hummel family.

PROUD PARTNER OF THE EHF AND IHF

Through our partnerships with the European Handball Federation (EHF) and the International Handball Federation (IHF), we proudly support the sport at its highest level - where our chevrons shine on the greatest stages, celebrating the passion, intensity, and unity that define handball.

GYŐRI AUDI ETO KC

A new chapter begins

Few clubs embody dominance in women's handball like Győr, with 18 Hungarian league titles and seven EHF Champions League trophies to their name. Their story is one of consistency, passion, and an uncompromising will to win. In joining the hummel handball family, Győr begins a new chapter - and together, we are ready to chase even greater victories.

SG FLENSBURG-HANDEWITT

European glory secured again

SG Flensburg-Handewitt has written yet another remarkable chapter in their history. With two consecutive European titles, the club has once again proven its strength and resilience among the elite. We are proud to stand alongside SG Flensburg-Handewitt on their European journey – and we can't wait to share in the next victories still to come.

SUSTAINABILITY

At hummel, we believe that responsibility is a joint effort. At the same time, the desire to make a difference through sport is deeply rooted in our heritage and this is also reflected in our products. As a result, all hummel Teamsport collections introduced after 2022 are produced entirely from 100% recycled polyester or 100% organic cotton [with the exception of socks].

This decision is part of our overall strategy to reduce our environmental impact and achieve our approved Science Based Target Initiative climate goals.

At hummel, we believe that together we can create positive change. By choosing our sportswear, you support a more responsible approach to production and manufacturing, where recycled materials and organic cotton play a key role. The majority of our PRO CLUB jerseys and shorts are already made from recycled polyester and we are committed to keep expanding the use of these materials in all our future products.

**WE BELIEVE
THAT SPORT

POWER TO

DIFFERENCES**

A female soccer player is captured in a dynamic running pose on a green field. She is wearing a white jersey with blue horizontal stripes and blue accents on the sleeves. The jersey features the 'teamsport' logo on the chest and a circular club crest on the left side. She is also wearing white shorts, white socks with blue stripes at the top, and bright pink soccer cleats. In the background, a soccer goal with a white frame and blue netting is visible, slightly out of focus. The overall scene is brightly lit, suggesting an outdoor daytime setting.

BUILT FOR BETTER PLAY

THERMO BONDED

Experience next-level performance with a thermobonded ball – crafted without stitches for a seamless surface that enhances aerodynamics, ensures consistent play, and resists water absorption.

DOUBLE-BONDED

Built to last – our double-bonded ball combines stitching with adhesive for superior strength, enhanced durability, and improved water resistance compared to traditional stitched balls.

HYBRID TECHNOLOGY

Engineered with hybrid technology, this ball features nearly invisible seams that enhance consistency, improve durability, and significantly reduce water absorption for reliable performance in all conditions.

ACE

With ACE [All Condition Excellence] technology, this ball is built to deliver consistent touch, control, and durability in any weather – rain, sunshine, or snow.

HAND STITCHED

Crafted by hand with reinforced seams, this ball offers outstanding durability and a long lifespan – designed to withstand intense play season after season.

MACHINE STITCHED

Designed with machine-stitched panels for a clean finish, consistent shape, and dependable performance – an ideal choice for training and recreational play.

LIGHTWEIGHT

Our lightweight football makes every kick feel smooth and natural. Easier to control, easier to strike. Ideal for training, recreational matches, or younger players developing their skills.

THE FIFA QUALITY PROGRAMME

The FIFA Quality Programme for Footballs ensures high standards by rigorously testing balls in lab conditions. Balls used in FIFA-organized matches must have a FIFA quality mark, guaranteeing consistent per-

formance, every game. To earn the FIFA quality mark, a ball must pass seven tests evaluating weight, circumference, roundness, bounce, water absorption, pressure retention, and shape durability.

FOOTBALL INFLATION GUIDE

PREPARATION

During wintertime we suggest to store the footballs at room temperature [20 – 25°C] for minimum 24 hours before the first inflation in order to secure optimal softness and shape.

Unfold the football with both hands and shake the bladder free.

VALVE OIL

Drip 1 – 2 drops of valve oil into the valve. It is important that valve-oil is used at every inflation as it makes the valve seal properly.

INFLATE

Position the valve upwards and insert the inflation needle straight into the valve. Always use a long pump needle to ensure the needle does not damage the valve or the bladder.

CHECK PRESSURE

- Inflate the ball to the recommended pressure.
- Recommended pressure is printed on the ball near the valve.
- Inflate slowly to allow the ball to gain its correct shape. Rapid inflation can damage the bladder.
- Use a pressure gauge to check the pressure of the ball.

FOOTBALL MAINTENANCE GUIDE

BEFORE EACH INFLATION

Always drip 1 – 2 drops of valve oil into the valve before inflation to ensure that it seals properly.

STORAGE

Store the ball at reduced pressure in a dry ventilated room at 20 – 25°C.

CLEANING AND DRYING

After use clean the football in mild soapy water and rinse with water. Then wipe the ball off with a towel and let it fully dry in a dry, airy place at 20 – 25°C.

Never dry the ball on or near a heating device.
